- Power Brick
- Mounting Bracket
- (3) Mounting Screw
- Mounting Adhesive

High Definition Video

Video is live 24/7 at 1080p on the Cync app with automatic shift from day mode to night vision.

Motion Detection Alerts

Set the Cync app to send alerts to a mobile device when motion is detected within view of the indoor camera. Settings can be customized to low, medium or high detection. Enable People Detection to ensure that a person in view of the camera will trigger a motion detection alert.

Two Way Audio

The Smart Indoor Camera has a built in microphone and speaker for two-way communication when selected within the Cync app.

Shutter For Added Privacy

A built-in privacy shutter gives users control to turn the camera's view and audio off when privacy is needed.
