Thermostat Box Contents:

Smart Thermostat
Trim Plate
(2) Mounting Screw
(2) Drywall Plugs
Power Extender Kit

Accessories: (Sold Separately)

Room Temperature Sensor

Cync App Control From Anywhere

With Wi-Fi connection at home and access to the Cync app, control the home temperature, and all other Cync products from a mobile device, anywhere. No hub required.

Voice Assistant Control

Google Assistant and Amazon Alexa can be paired with the Cync App for hands-free control.

Set Schedules and Scenes

Set schedules to maintain the ideal temperature without having to touch the thermostat — or having the HVAC system running all day. Create scenes to activate temperature settings, lighting and more with a single touch of a button.

Pair with Cync Temperature Sensor

For even more control, the Cync Smart Thermostat can be paired with Cync Temperature Sensors to accurately read temperatures in multiple rooms.

Works with Existing HVAC System

Cync Smart Thermostat works with most heating and cooling systems and includes a Power Extender Kit for scenarios where a c-wire is not present.
