Tap to open the Savant Music Service.
1. **Music Service Selection Page**

Tap the Music icon from the Savant Pro App Home Screen to turn on the Music service.

1. **TAP THE MUSIC ICON TO OPEN THE STREAM SELECTION DRAWER**

2. **SELECT THE STREAM**

   **NOTE:** IF THERE IS ONLY ONE STREAM IN THE SYSTEM THIS DRAWER DOES NOT APPEAR

3. **SELECT THE ROOM(S)**

   **NOTE:** IF THERE IS ONLY ONE ROOM THAT THE STREAM CAN BE PLAYED IN THIS SCREEN DOES NOT APPEAR

4. **SELECT THE SERVICE THAT WILL PLAY**

   **NOTE:** THE IMAGE ABOVE DOES NOT HAVE ANY STREAMING SERVICES ADDED TO THIS SYSTEM.
2. Adding a Streaming Service
The example below shows adding the Google Music service. The basic process for all streaming services is similar.

**Service Account Information**
This is a basic list of what is needed for each supported streaming service. For more detailed information see Appendix A: Streaming Service Information.

**Google Music:** Account login uses email and app password. 2-step Verification is required to enable App passwords.

**Pandora:** When adding the Pandora service, you chose either a Free account or a Premium account. Account login uses email address and password. If you have a Pandora Plus account use the Free account option.

**Plex:** Account login uses user name and password. Server also must be selected in Plex settings.

**Spotify:** Account login uses username and password. Facebook created Spotify accounts are supported.

**Tidal:** Account login uses email and password.

**TuneIn:** No login needed, just add the service.

**HELPFUL INFO:**
- Only one account can be added to any streaming service at one time.
- Streaming services may require paid accounts. This requirement may be changed at any time by the streaming service provider.
3. Now Playing

- **A** Service Name – Name of the service.
- **B** Room – Indicates the room that the service is being controlled.
- **C** Close – Returns to the last active screen.
- **D** Album Art – Cover art for the album is displayed.
- **E** Time Elapsed – Displays the amount of time elapsed in the current song.
- **F** Service Controls – Basic control of the active stream. Repeat: Allow the songs in the active queue to replay once complete. The icon will change color to orange to show the Repeat feature is on. *NOTE*: If Pandora is the active service this button is Thumbs Down.
- **G** Back: Skips back to the beginning of the song or if at the beginning of a song will go to the previous song.
- **H** Play/Pause: Starts or stops the current song playing.
- **I** Forward: Skips to the next song in the active queue.
- **J** Shuffle: Plays the songs in the active queue in a random order. The icon will change color to orange to show the Shuffle feature is on. *NOTE*: If Pandora is the active service this button is Thumbs Up.
- **K** Power – Powers off the service.

- **H** Progress Bar – Visual representation of time elapsed in the current song.
- **I** Play Queue – Access to the active queue.
- **J** Song Info - Displays the song title and band name.
- **K** Volume Controls - Increase or decrease volume of the zone. Mute button will toggle sound on and off.
**Now Playing Bar**
Once any music is playing all screens inside the Music service will display a Ribbon at the bottom of the screen displaying the active playing song.

4. Playlists

- **A** Home – Will take you back to the Home Screen of the App.
- **B** Screen Name – Displays the Screen Name.
- **C** Back – Returns to the last screen.
- **D** Playlist Name – Title of the playlist.
- **E** Playlist Art – Displays album artwork thumbnail from the playlist.
- **F** Source – Streaming service source or a Savant created playlist.
- **G** Options – Tap the … next to a Playlist and the Options drawer will appear.
  - Play All: Adds the songs to the beginning of the song queue and starts playing.
  - Play All Next: Adds the songs to the song queue after the current song.
  - Add All To Queue: Adds all the songs to the current song queue.
  - Replace Queue With All: Clears the current song queue and adds all the songs in the playlist to the song queue.
  - Add To Playlist: Adds the contents of the playlist to a new or existing Savant playlist
  - Save As Favorite: Adds the playlist to the Favorites.
  - Copy GUID: Copy’s the GUID to the devices clipboard. (can be used in Savant Programming)
  - Remove: Deletes the playlist (only available on Savant Playlists)
  - Cancel: Closes the options drawer.
- **H** Power – Powers off the Music service.
Create a New Playlist

Savant Playlist can contain songs from different streaming services. This section details the steps to create a new Savant Playlist. A song can be added from any of the locations that songs are listed. This example uses the Recents Screen.

Once a song has been found that you want to add to a Playlist, do the following:

1. **FIND A SONG AND TAP THE “...” TO GET THE OPTIONS MENU TO COME UP**

   ![Diagram showing steps to create a new playlist]

2. **TAP THE ADD TO PLAYLIST**

3. **TAP NEW PLAYLIST**

4. **NAME THE PLAYLIST**

   ![New Playlist creation interface]

**IMPORTANT**: Playlists created within a streaming service such as Spotify, cannot be managed from within the Savant Pro App.
5. Favorites

B. Screen Name – Displays the Screen Name.
C. Back – Returns to the last screen.
D. Favorite Name – Title of the favorite
E. Favorite Art – Displays album artwork thumbnail from the favorite
F. Source – Streaming service source or a Savant created playlist

Options – Options for the favorite detailed below.

- Copy GUID: Copy’s the GUID to the device’s clipboard. (can be used in Savant Programming)
- Remove: Removes the item from the Favorites list.
- Cancel: Closes the options drawer.

G. Power – Powers off the Music service.
6. Recents

- **Home** – Will take you back to the Home Screen of the App.
- **Screen Name** – Displays the Screen Name.
- **Back** – Returns to the last screen.
- **Favorite Name** – Title of the recently played item
- **Favorite Art** – Displays album artwork thumbnail from the favorite
- **Artist/Source** – Displays the artist or the streaming service source or a Savant created playlist

**Options** – Options for the favorite. Detailed below.

- **Play Next**: Plays the selection after the current song.
- **Add To Queue**: Adds the selection to the current song queue.
- **Replace Queue**: Replaces the song queue with the selection.
- **Add to Playlist**: Adds the selection to a Savant playlist.
- **Save As Favorite**: Saves the selection to the Favorites screen.
- **More…**: Gives more options about the Artist or Album.
- **Cancel**: Returns to the Recents screen.

**Power** – Powers off the Music service.
7. Search

- **A** Home – Will take you back to the Home Screen of the App.
- **B** Screen Name – Displays the Screen Name.
- **C** Back – Returns to the last screen.
- **D** Search All – Select to search all streaming services.
- **E** Search Service – Select a service to search just that service.
- **F** Power – Powers off the Music service.

Search All Services

- Search Pandora
- Search Plex
- Search Spotify
The Search screen looks the same no matter what the scope of the search that is being performed.

- Entered search term displays here.
- Results will have sub menus that look basically the same with more refined results.
8. Settings

- **Home** - Will take you back to the Home Screen of the App.
- **Back** - Returns to the last screen.
- **AirPlay Settings** - Change the Airplay display name.
- **Streaming services that can be added.**
  - Active Streaming Services - Displays account information and service removal.
  - **NOTE:** To change user account you must remove the streaming service and add it again.
- **Power** - Powers off the service.
Appendix A: Streaming Service Information

AirPlay
To use the Airplay feature power on the Savant Music service and leave it at the Service Selection Screen. Once the App is on this screen, you can control and play audio from the device that is connected to your Savant Music Server via Airplay.

Change Airplay Display Name

1. Tap the gear icon to enter the settings screen
2. Tap Airplay Settings to enter the Airplay settings screen
3. Tap Set Airplay Name to enter a display name
4. Enter Airplay display name

Note: The name in the brackets displays the current name
Google Play Music

Google Play Music requires 2-step Verification and an App Password to sign-in. This section shows how to setup 2-step Verification and add an App Password. This process is recommended to be done before you add the Google Play account to Savant Music.

NOTE: Screenshots are included as reference, when you follow these steps the process may look different.

If your Google account already has the 2-Step Verification enabled you can skip to step 13.

1. In a web browser open Google.com and login to the Google account.
2. Click on the Account Icon in the upper right corner of the browser window.
3. Select My Account.
4. Select Sign-in & security
5. Scroll down to Password & sign-in method, click the arrow to the right of 2-Step Verification.
6. Click GET STARTED.
7. You will need to verify your login. This example uses a text message sent to a mobile phone. Enter Mobile number.
8. Click NEXT.
9. The text message should be received within a few seconds, enter the verification code.

10. Click NEXT.
11. Click TURN ON.

12. You will need to Verify the account again. If desired you may use Google’s Authenticator app.
14. Click the arrow to the right of App passwords.

15. Click Select App.

16. Select Other.
17. Enter a name for this App password. Savant suggests naming it Savant Music.
18. Click Generate.

A pop over will appear displaying the App password.

19. Use this App password as the password to sign-in to Google Play Music in the Savant Pro App.
Plex

After the Login credentials have been entered in the Savant App. You will need to select a Plex server to access.

1. SWIPE DOWN TO THE BOTTOM OF THE MUSIC SERVICE SCREEN AND TAP THE SETTINGS ICON
2. TAP PLEX SETTINGS
3. TAP SELECT PLEX SERVER
4. TAP THE SERVER THAT IS TO BE USED
Spotify

To add a Spotify account to a Savant Music server, the exact process depends on how you log in to Spotify. There are three main ways to have a Spotify account login set up. It depends on how the Spotify account was created.

**Facebook**

If you log in using Facebook the process below will need to be done before you can add Spotify to Savant Music.

NOTE: Screens shots are included as reference, when you follow these steps the process may look different.

1. In a Web Browser open Spotify and login.
2. Go to the Account page.
3. Click on **Set device password**.
4. Click **SEND EMAIL TO SET PASSWORD**.
5. Check your email and follow the steps to set a device password.
6. Use the username and device password as the username and password in the Savant App.

**Email Address Username**

NOTE: Screens shots are included as reference, when you follow these steps the process may look different.

1. In a Web Browser open Spotify and login.
2. Go to the Account page.
3. Use the Username shown on the Spotify web page and your normal password to login to the Spotify in the Savant Pro App.
Spotify Process
This image shows the basic flow of how to add Spotify to your Savant Music service.

1. SWIPE DOWN TO THE BOTTOM OF THE MUSIC SERVICE SCREEN AND TAP THE SETTINGS ICON
2. TAP ACTIVATE SPOTIFY
3. TAP LOG IN TO SPOTIFY
4. LOG IN TO SPOTIFY BY YOUR NORMAL METHOD
   NOTE: THIS BINDS THE SAVANT MUSIC SERVER TO YOUR SPOTIFY ACCOUNT
5. USE THE DEVICE USERNAME NOT AN EMAIL ADDRESS SEE PREVIOUS SECTION
6. ENTER PASSWORD/DEVICE PASSWORD
